24 Byde Street Herford, SG14 3AR

This charming three bedroom Victorian cottage offers well balanced accommodation arranged over three floors, blending attractive period features with modern finishes to create a warm and welcoming home.

Accessed via a pathway running along the side of the property, the entrance opens into a spacious kitchen/breakfast/dining room which forms the heart of the home. Designed for both everyday family living and entertaining, the kitchen is fitted with a range of built in units complemented by granite work surfaces and integrated appliances. The room is bright and airy thanks to its dual aspect, with Velux windows, additional windows to the side and rear, and a door opening directly onto the garden. There is ample space for a dining table and wooden flooring runs throughout.

To the front of the property is the attractive living room featuring a bay window with a window seat beneath, allowing plenty of natural light. An exposed brick chimney breast with inset log burner provides a cosy focal point, while wooden flooring enhances the character of the room.

The lower ground floor provides a versatile room currently arranged as a home office, offering a quiet and flexible space that could also be used as a family room, playroom or guest bedroom.

On the first floor there are three bright bedrooms along with the family bathroom.
